Business program

In the frames of the exhibition which was held on October 31 - November 2 a number of arrangements took place. Such companies as Fakoor International Trade Co. (Iran) and "Aniksciu Varis" (Lithuania) made their own presentations. Seminars of Ukrainian Scientific Institute of Fire Safety and Machine-Building Engineers and Technologists Association of Ukraine as well as reports of the members of Welding Faculty of Ukrainian National Technical University attracted attention of the specialists. On November 2 in the frames of the show the Board of Directors of the enterprises-members of the "Ukrelectrocabel" Corporation took place, where the decision to give the specialized exhibition "Cabling Wiring" the status of a branch one was made.

Exhibitors' evaluation:

"The exhibition is well-organized, it has good future. We wish success to the organizers of the show and plan to participate in this exhibition next year".

"Aniksciu Varis" (Lithuania)

"We should admit the high level of professionalism of the visitors. The exhibition visited specialists, who knew exactly what they needed. There were a lot of potential customers. Future belongs to such specialized shows".

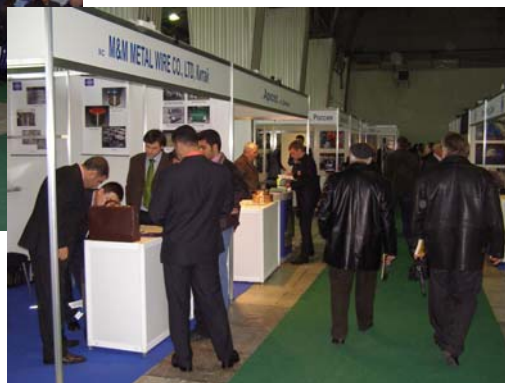

Karat Ltd., Ukraine

"Our company takes part in the exhibition for the first time, but we would like to emphasize on well-prepared organization and high activity of the visitors".

JET CJS, Russia

"The participation in this exhibition is of great interest for our company. We managed to reach promising agreements and find very important consumers".

Schlatter AG, Switzerland/Stema Pedax, Denmark

Kiev Technical Trade Show was taking place for the third time and traditionally made Kiev the place of meeting of the leading enterprises of the branch not only Ukrainian but foreign as well. Playing an important role for developing of the whole Ukrainian economy, the exhibitions give Ukrainian and foreign companies an opportunity to establish productive business relations, to share experience, help the specialists to reach tangible results in the solution of the problems concerning quality raising of the produced materials. Annual holding of Kiev Technical Trade Show is of great importance for activation of scientific and technical as well as innovative activities, assimilation of new technologies and strengthening of the positions of native producers.
